

Always Better®

Water Resistant

Lightweight

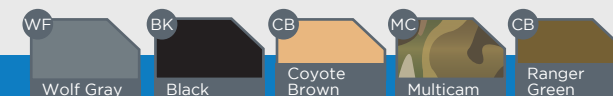

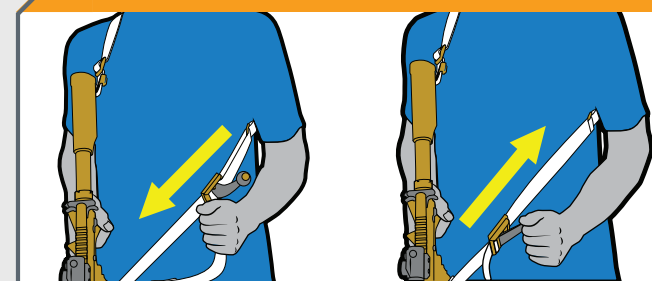

Fast Adjustment

The GMT Sling was developed following requests from professional end-users who wanted the quality and features of the classic Blue Force Gear Vickers Sling but with a greater range of adjustment. The GMT, short for "Give Me Tail," improves upon the classic tailed sling design that has been widely used for years. The GMT Sling uses a purpose-built proprietary adjuster without springs or screws to eliminate hardware failures. The durable nylon webbing and unique tail end make it less prone to snags.

Weight	99g
Part #	1" Webbing: GMT-100-OA-XX 1.25" Webbing: GMT-125-OA-XX
