Lightweight

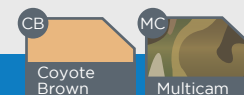

MOLLE
Compatible

The Double 40mm Grenade Pouch brings security and versatility in a lightweight MOLLE pouch. The pouch lids are removable and the length can be adjusted to accommodate most bombs in the 40x46mm family. The pouch lid features the Ball Loaded Index Point™ or BLIP for easy access of the hook and loop closure with gloves or in adverse weather conditions. The pouch is fully MOLLE compatible and features the Helium Whisper® Attachment System.

Compatible with 40mm grenades for the M203, M320, M32, M79 and most 37mm rounds for commercial flare guns and launchers.
