

Always Better®

Water Resistant

Lightweight

MOLLE Compatible

The Ten-Speed® Ultralight Dump Pouch is the world's smallest and lightest dump pouch. Taking up a mere 2x2 MOLLE field, the Dump Pouch is hardly noticed until you need it. A small pull tab at the bottom of the pouch deploys the 70D Ripstop nylon bag that expands to roughly 264 cubic inches. When not in use, military grade elastic holds the bag securely out of the way.
