

## MULTI-RADIO BIKINI POUCH

The Multi-Radio Bikini Pouch was designed to fit the PRC-148 MBITR, the PRC-152 Falcon III, PRC-163, or other similarly sized radios. The unique lacing down the sides of the pouch allow for better convection cooling of the radio, while at the same time allowing the user minimal access to the control panel by pulling the pouch down and away from the body. The "bikini" arrangement on the sides also means that the pouch will allow for plug-ins and add-ons that cannot be accommodated in more conventional pouch designs.

Weight	84g
Part #	HW-RADIO-03-XX
Size	1.5" x 3" x 7.5"
Features	
Patented Helium Whisper® attachment	
Signature reducing color matched laminate	Shockcord side panels
Materials	
ULTRAcamp™ laminate	TEX 70 bonded nylon thread
ITW GhillieTEX™ Low IR hardware	
Colors	
Black	
Coyote Brown	
Multicam	

\*Other colors available upon request
