GRID BELT

CHLK BELT

The Holster Adapter was built specifically to attach three-hole pattern Safariland® type holsters to Blue Force Gear CHLK and GRID Belts. The Holster Adapter attaches with screw posts (included) to the MOLLE field of the belt and provides a contoured, mid-drop offset for a comfortable but accessible carry. The Holster Adapter accommodates 7 different draw angles and is designed to work with the 3-screw mounts common to ALS®/SLS™ and similar holsters.
