Limited Edition Vickers 221 Sling in Desert Tiger Stripe. A colorway that was introduced in 1991 before Operation Desert Storm and was employed by various 3 letter agencies and OGAs. Beyond military applications, it is an appreciated pattern by collectors and enthusiasts who see it as tactically appropriate but also attractive. This duality – being both highly functional and visually striking – has helped cement its place in the pantheon of legendary camouflage patterns.

Weight

Part # VCAS-2T01-PB-AA-DTS

Size 1.25" sling webbing
