The M16-A2 Buttstock Adapter provides a sling attachment point on top of a M16 A2/A4 buttstock. This keeps the weapon right side up during carry and prevents the weapon from dangerously flipping upside down. The VS-A2 Adapter allows access to the cleaning kit "trap door" on the rear of the buttstock and accepts up to 1.25" wide slings such as the NSN Vickers Combat Applications Sling™.

Weight	30g
Part #	VS-A2-XX
Attaches	
M16 A2/A4 Rifles	
Materials	
TEX 90 bonded nylon thread	Solution Dyed CORDURA® webbing
