The FORM Belt blends comfort and rigidity with everyday styling, making it the perfect choice for a CCW pants belt. It features a gentle curve to perfectly match the contour of the wearer's anatomy for a pleasant and practical fit, a feature also found on the Blue Force Gear CHLK and GRID Belts. The FORM Belt is constructed of ULTRAcomp high-performance coated fabric laminate with a stiffened thermoplastic composite and an inner lining of neoprene foam making it strong enough to support holsters and other everyday carry items, while being comfortable for all day wear.
